Creative Independent Artist

Personal

Visual communication student with a strong conceptual eye and a passion for both UX/UI and storytelling-driven design. Currently in my third year of studies (out of four), I combine academic excellence with real-world experience in branding, UX/UI, and full website production. If I had to define myself as a font — I'd be a bold one with a lot of whitespace.

Education

Visual Communication B.Des SCE Sami Shamoon College Departmental Excellence Award for first and second years	Oct 2022 – Present
